THRACE BECOMES WARD OF ALLIES IN BULGAR PACT

Disposition of Disputed Territory Will Be Decided Later.

BULGARIAN ENVOYS GET TREATY TERMS ON FRIDAY

America, Though Not At War With Bulgaria Will Sign Treaty.

Paris, Sept. 19.—The treaty of peace between the allied and associated powers and Bulgaria was presented to the Bulgarian mission at the French foreign office this morning at 10 o'clock. After the delegates had assembled, Georges Clemenceau, head of the peace conference, spoke briefly in opening the session. He was followed by General Thodoroff, head of the Bulgarian mission.

M. Thodoroff spoke for 15 minutes, pleading that the Bulgarian people were not responsible for the war, but that the Bulgarian government had thrown the country into the struggle. He realized, however, he said, that the people must share the responsibility. "They are willing to do so," he said, "but they feel that in no way have they committed such a crime as will compel them to accept servitude."

Ferdinand and Yusef Radoloff, Bulgarian foreign minister in 1914, were blamed for Bulgaria's entry into the war by M. Thodoroff. He said the Bulgarian people did not approve of the German Alliance which had been made to them as "catapults" but they realized they must accept part of the responsibility.

"We have committed faults," he said, "and we shall bear their consequences within the bounds of equity but there is a punishment no crime can justify and that is servitude."

Each of the 27 governments participating in the conference including Rumania, were present. Frank L. Polk, head of the United States delegation, sat on M. Clemenceau's right, and Sir Eyre Crowe, the new British plenipotentiary to the peace conference sat on the left.

The Bulgarian delegates M. Thodoroff, M. Ganeff, M. Saksessoff, M. Stanbuliwy and M. Harzoff, entered after the other delegates, who rose when the enemy representatives appeared. The Bulgarians showed courteous confidence in their demeanor.

Twenty five days are allowed Bulgaria to present observations on the treaty terms.

The ceremony ended at eleven o'clock. Many delays have marked consideration of the Bulgarian treaty which was presented to the representatives of that government today. Work on the pact was begun on May 26, but the negotiations with Germany and Austria prevented the peace conference from completing the convention until last week.

Although the United States was not at war at any time with Bulgaria she will be a signatory to the treaty for the purpose of adding her influence in securing admission of Bulgaria to the covenant of the League of Nations which is an integral part of the pact. This country, however, will not be represented on the inter-allied commission charged with the interpretation of the final clauses of the treaty.

Disposition of Thrace was a subject on which the peace conference was forced to spend the most time in the preparation of this pact, and it developed that this question has not been finally adjusted but Thrace is to be excised from Bulgarian territory and left under the supervision of the principal allied and associated powers, which will later announce their decision as to the future status of the country. A plan by which the port of Devedgatch, on the Aegean Sea, would be given to Bulgaria with a corridor leading to it similar to that provided for in the German treaty by which Poland was given access to Danzig on the Baltic has been considered, but it has never been formally adopted. Bulgaria, under the treaty terms, however, is assured an economic outlet to the Aegean.

CONDEMNED MAN ACCUSES ANOTHER

Frenchman Saved From Firing Squad While His Charges Against Ex-Premier Are Heard.

Paris, Sept. 19.—Announcement was made at 8:45 o'clock this morning of the postponement of the execution of Pierre Lenoir, who was tried with Senator Humbert and others on a charge of communicating army intelligence to the enemy and who was to have faced the firing squad at dawn today.

The military justice, a party of lawyers and a chaplain went to Lenoir's cell at 6:30 o'clock finding the condemned man very calm and protesting in no sense.

Asked if he had any communication to make to the party, Lenoir replied: "At the moment of death I repeat what I have always vainly asked—to be confronted with Joseph Caillaux." (Joseph Caillaux, former premier of France, now is under arrest in a plot near Paris under similar charges to those upon which Lenoir was convicted.)

Lenoir then argued that the action of the court had shown that his case and that of Caillaux were connected, and that Caillaux was connected with his request to be confronted with M. Caillaux be communicated to the under secretary of military justice. This was done and the order to postpone the execution was received two hours later.

MAY BECOME NEXT AMBASSADOR FROM U. S. TO GERMANY

George McAneny.

George McAneny, executive manager of the New York Times, is slated to become the next ambassador to Germany for the U. S., according to recent reports. The new ambassador will assume his duties as soon as diplomatic relations with Germany are restored. McAneny was formerly borough president of Manhattan.

IDENTIFY 82 OF 284 TEXAS DEAD

Three Thousands Homeless Are Given Relief In Corpus Christi Storm Swept Area.

Corpus Christi, Sept. 19.—With a large amount of territory still to be explored, searching today redoubled their efforts to recover bodies of persons who lost their lives in the gulf hurricane, which struck this vicinity last week.

That dozens of persons who lost their lives probably never will be identified was the belief expressed as reports came in that burial parties were intervening as rapidly as found for sanitary reasons.

Today 284 bodies had been reported buried and of that number only 82 had been identified.

Relief measures for relieving the distress of the 3,000 or 4,000 persons made homeless by the storm were reported to be progressing satisfactorily.

A rescue party started today to Mustang Island, where persons who were aboard the wrecked launch Waldo are marooned.

The Waldo left Saturday afternoon for a trip into the outer bay and no word was received from her until last night when L. N. Woodward, of Houston, a member of the party, arrived here with news of his companions' plight.

The launch party was given in honor of Mr. and Mrs. Wallace Anderson of Houston, who recently were married. According to Woodward they stopped Saturday at Corpus Pass to spend the night at the Newport club. At midnight they were awakened by the waves rapidly climbing higher up on the shore they were forced to quit the building and seek higher ground. Finally at the top of Padre Island, they found themselves surrounded by water. Members of the party said their farewells and prepared for the coming of what they thought was certain death.

Just then a tent floor, carried on the crest of the waves was tossed toward them. Tying the women securely to the floor the men launched out just as a deluge of water swept away their late refuge place. For a few moments the launch was buffeted about by the unwieldy craft was buffeted about by the waves. Finally it was thrown ashore. There they remained until the waters had subsided somewhat, and from an old fisherman obtained their first food in 30 hours.

Through the storm swept area of Corpus Christi are wide stretches of sand and shell where last Saturday stood homes that had made this city of 150,000 a resort of national repute.

Fifteen hundred homes stretching along the beach for 23 blocks were crushed and hurled away or wrecked by the tidal wave, which reached a depth of 15 feet in some places. Over much of the beach section not an indication of former homes now remains, except here and there a bath tub or part of a brick chimney.

From Star street where the business section of the beach terminated to Dan Field street, every one of the 900 beach homes has been destroyed, most of them beyond trace.

In the business section the buildings utterly demolished. The men were in the electric power plant, and until this service is restored, which probably will not be for at least 30 days, there will be no electric lights or street car service.

CLEVELAND JURY FREES INDICTED MILK MEN

Cleveland, Sept. 19.—The jury in the trial of seven officials of the Ohio Farmers' Cooperative Milk company, tried for alleged violation of the Valen-tine anti-trust law, finds the defendants not guilty. The verdict, which was returned sealed last night was read at 8:29 o'clock this morning. The men were indicted in connection with a county grand jury investigation into the high cost of living.

PLANE CARRIES 14 ON
LONG CONTINENTAL TRIP

Mineola, N. Y., Sept. 19.—Carrying 14 passengers, including a crew of 11 men, the Lawson air liner left here at 8:29 o'clock this morning for Washington on the first leg of a proposed trans-continental flight. The plane recently completed a trip from Milwaukee to this place. Contrary to expectations no United States senators were carried on today's trip.

ELECTRIC DEVICE TO AID WILSON TO REACH MANY

Speaks Today in Stadium At San Diego Which Seats 50,000.

CITY PLANS NOISY WELCOME TO NATION'S PRESIDENT

Thousands Gather In California City to Hear Treaty Speech.

San Diego, Calif., Sept. 19.—Arrangements whereby it was hoped the sound of President Wilson's speech would reach a crowd far larger than any that has heard him speak on his present trip were in effect today. Electric apparatus for transmitting the President's words to all parts of the stadium here, which has a space for 50,000 people, was installed several days ago and after a final test today was pronounced in perfect working order.

San Diego hoped her welcome to the President would be the noisiest he has received. It included prolonged blasts from the whistles of all industrial plants and from ships in the harbor.

Since yesterday morning residents of "the back country" have been arriving here to see and hear the President, some of them making automobile trips of several hundred miles.

The President's train was scheduled to arrive at 1:30 p. m., having started south from Oakland soon after he had finished speaking there last night. The address at the stadium here was the only one on his program for today, but it was expected at Santa Barbara that he would make a brief stop there, inspecting a ranch property he owns in that neighborhood and making a brief talk from the platform of his car.

Late today the President is to return to Los Angeles through which city he passed this morning on his way here. Tomorrow and the following day will be spent there.

SENATE TAKES UP PEACE TREATY AGAIN

Washington, Sept. 19.—The senate was ready today to resume reading of the treaty of peace with Germany. When the reading was suspended at the close of Tuesday's session it had reached only article 3 of the league covenant and as the rate of further progress is expected to be as slow or slower, and indications were that the reading would not be finished before some time during the week.

The amendment by Senator Moses, Republican, New Hampshire, relating to the adjudication of disputes referred to the assembly, will be reached late today. Debate on this point was expected to be extended over into next week. Senator Reed, Democrat of Missouri also expected to launch another attack against the league today or tomorrow and other senators have announced their intention of speaking.

Action of Senator Borah, Republican of Idaho, last night in sending word to Senator Johnson, Republican, California to abandon temporarily at least his speech making campaign and to return here was understood to presage early consideration of the amendment of which Senator Johnson is author, and which would equalize the voting power of Great Britain and the United States in the league.

PHONE RATE IS HELD REASONABLE

Commission's Order Approves Charges Now Being Made For Service—City Will Oppose Schedule.

City Solicitor Henry C. Ashcraft stated today that the city would oppose the rate asked by the Newark Telephone company, which the company is now receiving by orders of the Postmaster General who had charge of the telephone companies during the latter period of the war.

Solicitor Ashcraft stated that the city council had directed him to oppose any advance in rates over the return rate allowed by the franchise granted the company in 1910, and which does not expire until 1931.

The merger of the Central Union and the Newark Telephone company is not opposed by the city officials according to Ashcraft, but he stated that he had been notified to carry the case to the supreme court if necessary on the rate question.

The commission's order granting the petition for merging the two companies, approved the present rates and pronounced them as just and reasonable, according to a copy of the order received by the telephone company this morning.

BANK CLERKS LOCKED UP AS THIEVES WORK

Cleveland, Sept. 19.—Police of Cleveland and several nearby cities early today were still searching for the five automobile bandits who yesterday locked two persons, an employee and a patron, in a rear room of the Nottingham savings and banking company and escaped with \$10,000 in currency and Liberty bonds.

Akron authorities are working on a report that two of the robbers were from Akron, and that a third, a Cleveland-larger had lived in Akron for some time.

The banks loss, officials said, is fully covered by insurance. An unsuccessful attempt was made to rob the bank three years ago.

D'ANNUNZIO'S COUP MAY CAUSE CRISIS IN ITALIAN GOVERNMENT

The coup d'etat of Gabriele D'Annunzio, great Italian poet-patriot, in marching into Fiume with approximately 10,000 men and proclaiming a union of that city with Italy, may lead to a crisis in the Italian government, discharges state. Premier Nitti and his government face a serious situation as a result of their denunciation of D'Annunzio's action.

The supreme council of the peace conference has decided to allow Italy to handle the crisis alone. It is stated. American troops in Fiume were taken on shipboard and British and French troops were marched from the city.

Demonstration staged by Italians in Fiume demanding reattachment of that city to Italy, and recent picture of Gabriele D'Annunzio addressing a crowd.

NEW TOOL PLANT STARTS OPERATION WITH A LARGE NUMBER OF ORDERS

Fine Machine Tools Manufactured in Moore Mfg. Co. Factory—Shops Are Housed In New Concrete Building in West Newark—Force Will Be Increased.

The Otto N. Moore Manufacturing company, this week started operation, and when the entire force is placed will employ between 50 and 60 men, skilled in the machinist and tool making trade.

The company is in no way related to the Moore Tool and Die company of Indianapolis, other than that Otto N. Moore of the Indianapolis company is president of the local company. The other men interested are John A. Chilcote and Harry Chilcote.

Harry Chilcote will be general manager of the company, and the plant will be superintended by O. P. Noble, who has been here overseeing the installation of machinery.

The company has been handicapped in getting a start owing to the delay in arrival of material and machinery. Several of the larger machines ordered some time ago, have been sent to the plant and the steel has also been delayed.

The company manufacturers jigs, fixtures, gauges, dies and special equipment for machinery. Mr. Chilcote said Friday the plant was excellently located geographically for contracts, and that the company already had received a large number of orders. The products call for the highest class of skilled mechanics, and the company

has had trouble in securing tool and die makers, as there has been no shop of that kind in Newark. However, out of town workers will be brought here and the better machinists will be in-striated in the work in order that local men may be employed.

The plant occupies a new concrete building with a factory floor space of about 4500 feet. It has an excellent lighting arrangement, the sides practically being of glass. A high grade heating plant has been installed using the vacuum system, with an extensive radiation.

The front of the building is occupied by the office and the tool room. The latter is well equipped with a high grade of tools which are made necessary by the minute measurements required in the work.

The lathes, drill presses, automatic saws, shapers, are all new, and equipped with the latest devices. In the rear of the building is the boiler room, space for shipping and a wash room arrangement for the employees. A small building in the rear of the new plant is used as a furnace room for heating and tempering steel.

As soon as the remainder of the machinery arrives a force of between 25 and 30 mechanics will be employed and the number will be rapidly increased as soon as material can be secured.

HERE'S WHAT STEEL WORKERS ARE DEMANDING

Pittsburgh, Sept. 18.—The twelve demands of the steel workers are: Right of collective bargaining. Statement of men discharged for union activities. An eight-hour day. One day's rest in seven. Abolition of the 24 hour shift. Increase in wages sufficient to guarantee American standard of living. Standard scales of wages in all trades and classifications of workers. Double rate of pay for all overtime, holiday and Sunday work. Check-off system of collecting union dues and assessments. Principles of seniority to apply in maintenance, reduction and increase of working forces. Abolition of company's unions. Abolition of physical examination of applicants for employment.

DAYTON AVIATOR WILL TRY 4-MILE ALTITUDE

Dayton, Sept. 19.—That the unofficial altitude record of 34,500 feet, made Thursday by Roland Rohlfs at Roosevelt Field, will be exceeded within the next few days by Major R. W. Schroeder, present holder of the two man altitude record of 28,500 feet, was confidently predicted today by McCook Field flying officers.

Air experts at the local field say Major Schroeder will on the first clear day ascend to a height of 40,000 feet for a pilot alone record. He expects to reach an altitude of 35,000 feet while carrying a passenger.

Major Schroeder still holds the official pilot alone record with a height of 28,500 feet, the later unofficial mark of Adulman Casale of France, and Rohlfs' not yet being officially recognized by the Aero club of America.

NEW JAPANESE JAPANESE AMBASSADOR

Tokyo, Thursday, Sept. 18.—Official announcement has been made of the appointment of Kijuro Shidehara, vice foreign minister, to be Japanese ambassador to the United States.

MONTGOMERY HEADS LEGION

Is Elected Chairman of Newark Post Which Gets Number 85 on List—Delegates Named.

The first annual meeting of Newark Post No. 85 of the American Legion was held last evening at Memorial Hall, Major Chas. W. Montgomery presiding, who outlined the purposes and objects of the new organization.

The by-laws and constitution were read and adopted and were then voted upon and accepted after which an election of officers was held which resulted as follows:

Chairman, Chas. W. Montgomery. Vice chairman, Chas. H. Lindsay. Secretary, H. P. Wilson. Treasurer, John W. Sachs. Executive committee, Major David Cordway, Walter Rogers, Paul Henry, John S. Peck and Thomas Snyder.

Major Miller and Chas. H. Lindsay were elected delegates to the state convention of the American Legion to be held in Columbus, October 8 and 9, and Charles C. Starrett and Chas. D. Brown were named as alternates. In order that the delegates may be sent to the convention it will be necessary to pay dues by Sept. 27. The treasurer will receive dues at the Park National bank.

Corporal William Jones was not able to be present to receive the Croix de Guerre and the presentation will be made at the next meeting which will be held October 9.

DETROIT SAILORS TO GIVE STEEL MEN AID

Detroit, Mich. 19.—Members of the Sailors Union of this port voted unanimously in favor of a strike in sympathy with the strike of steel workers called for September 22. Union officials announced this morning that the union would support the strike.

A strike would tie up more than 100 carrying vessels of the Pittsburgh Steamship Company, said to be a subsidiary of the United States Steel Corporation and boats of allied and associated companies, union officials declare.

SOVIETS SAY MOSCOW IS NOW UNDER SIEGE

Helsingfors, Sept. 19.—The news paper Pravda of Petrograd publishes a Soviet government proclamation declaring a state of siege in Moscow, in consequence of the operations of the Cossack General Mamontoff's cavalry near the Red armies.

POTATO WAR IN HAMILTON BRINGS PRICES TUMBLING

Hamilton, Sept. 19.—William C. Atherton, acknowledged head of local commission merchants, announced he has six carloads of potatoes enroute here which he will sell at \$1.30 a bushel, thus underselling James A. Murphy, who under the jurisdiction of the city food commission has two carloads on hand to sell at \$1.90 a bushel. Atherton also announces he is receiving several carloads of cabbage to sell at two cents a pound, against four cents a pound charged by Murphy for the city. Atherton also announces big shipments of apples.

Atherton is credited with trying to show up the food commission, but members of the latter are pleased at the radical drop in prices.

WANT WILSON TO O. K. FIUME PLAN

England and France Said to Have Approved Italian Nationality of Adriatic Town.

Rome, Sept. 19.—The time limit fixed by General Badoglio, deputy chief of staff, for the Italian troops that left their posts in the armistice zone around Fiume and entered the city with Captain Gabriele D'Annunzio, to return to their commands, expired last night. Latest advances from the scene of Captain D'Annunzio's coupe showed his forces were still in control of the city. The food situation there is said to be serious.

There have been no advances as to the blockade of the place by Italian naval and military forces but there are indications that people not essential to the defense of the place may be compelled to leave so that the armed forces may be able to hold out longer.

"According to the Messagero, an agreement has been reached between Premier Lloyd George of Great Britain and Clemenceau of France and Foreign Minister Tittoni, which will ensure the Italian nationality of the town but the assent of President Wilson to the plan is yet to be gained.

The inter-allied forces which left Fiume after the arrival of Captain D'Annunzio's troops are reported to be at Abbazia, about two miles northwest of the city where they are awaiting instructions.

ORGANIZE CITY EMPLOYEES

New York, Sept. 19.—A drive to organize all employees of New York City, including policemen and firemen, into one union to be known as the "Central Union", affiliated with the American Federation of Labor, was well under way today. Work was being directed toward obtaining a wage increase to meet the increased cost of living and to organizing city employees who have not yet joined any union. Increases of as much as 65 percent are being demanded.

POLES CUT RAIL LINE

Zurich, Sept. 18.—The Poles succeeded in cutting railroad communication between Krakow and Warsaw according to dispatches from Minsk. They are making important progress toward the Dniester, Mottiev and Orsha.

STEEL UNIONS MAKE READY FOR STRIKE MONDAY

Officials At Pittsburgh Say Workers Hold Enthusiastic Meetings.

NO ESTIMATE MADE AS TO NUMBERS INVOLVED

McKeesport Plant Closes To Make Ready For Big Walkout.

Pittsburgh, Sept. 19.—Headquarters of the national committee for organizing iron and steel workers was a busy place today, preparations going forward rapidly for inaugurating the strike of steel workers next Monday morning. Organizers and district officers were given instructions and sent out to the mill communities making up the Pittsburgh district.

The headquarters here is in charge of William Z. Foster, secretary-treasurer of the national committee. He had no reports today, he said, except that "enthusiastic meetings had been held by workers in different parts of the Pittsburgh district and that the men were ready to quit."

Word came from McKeesport, Pa., today, that the hot mills of the Port Vue plant of the McKeesport Tin Plate company shut down last night, throwing about 1500 men out of work. This is an independent concern. The reason given by the company was congestion in the finishing department. Union organizers said they were of the opinion the company was getting ready for the strike Monday.

There is much speculation going on here as to the number of big men who will answer the strike call. Responsible union leaders said they could not give figures and there were none forthcoming from the corporation sources. Reports that 200,000 would quit in the district between Youngstown, O. and Johnstown, Pa., could not be confirmed and are regarded as merely speculative.

The United States Steel Corporation claims that only 15 percent of its employees are organized while the union leaders assert that the majority of the men are members of unions.

STEEL MEN MAINTAIN "OPEN SHOP" POLICY

Youngstown, Sept. 19.—Statements were issued today by the big independent steel companies of the Youngstown district, announcing that the principle of "open shop" will be maintained, and calling upon their employees to remain loyal and stay at work Monday when the steel strike is scheduled to take effect. The Youngstown Sheet and Tube company, employing 15,000 men, the Brier Hill Steel company, 6,500, and the Republic Iron and Steel company, 7,500, issued statements, which were published in foreign language newspapers today.

Organizers here have estimated that 64,500 workers in the Youngstown district will be affected by the strike, though they gave no figure on the number of men whom they expect actually to strike. The district includes Ohio, outside of Cleveland, and the Farrell-Sharon-New Castle district in Pennsylvania.

Railroad officials today voiced a fear that railway men would refuse to handle material or products for the steel companies after Monday, but said that the public need not fear that foodstuffs would not be handled.

Organizers today are arranging for mass meetings of steel workers for Saturday and Sunday, to be addressed by "flying squadrons" of strike leaders.

FOUR STEUBENVILLE PLANTS ARE AFFECTED

Steubenville, Sept. 19.—Four plants in the Steubenville district will be affected by the proposed strike called for next Monday. They are the Steubenville plant of the Republic Iron and Steel company, the Weirton plant of the Weirton Steel company and the Minjo Junction plant of the Carnegie Steel company.

Thousands to Quit in Cleveland Dist.

Cleveland, Sept. 19.—Eighteen thousand Cleveland men and 25,000 in the Cleveland district will quit work Monday morning when the steel strike goes into effect, according to Henry W. Raisse, secretary of the steel workers' organization after Monday, but said that the public need not fear that foodstuffs would not be handled.

Organizers today are arranging for mass meetings of steel workers for Saturday and Sunday, to be addressed by "flying squadrons" of strike leaders.

THOUSANDS TO QUIT IN CLEVELAND DIST.

Cleveland, Sept. 19.—Eighteen thousand Cleveland men and 25,000 in the Cleveland district will quit work Monday morning when the steel strike goes into effect, according to Henry W. Raisse, secretary of the steel workers' organization after Monday, but said that the public need not fear that foodstuffs would not be handled.

Organizers today are arranging for mass meetings of steel workers for Saturday and Sunday, to be addressed by "flying squadrons" of strike leaders.

ORE SHIPS WILL BE TIED UP BY STRIKE

Cleveland, Sept. 19.—Complete tie-up of all carrying vessels in the Cleveland district, which include six other lake ports between and Sandusky will go into effect at 6 o'clock Monday morning unless the proposed walkout of steel workers is deterred. This was the ultimatum issued today by George Mack, union business agent of the Lake Women's Union in the form of a vote of 220 sailors to support the impending strike of steel workers.

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is this pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water, and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

AMUSEMENTS

AUDITORIUM.

"Till I Come Back To You." The mere announcement that a special photo-production by Cecil De Mille, master producer of Arcturion pictures is to be shown, means not only increased business for any theatre, but delectable and instructive entertainment for screen patrons. It was to be expected therefore, that Mr. De Mille's latest photoplay "Till I Come Back To You," which was presented at the Auditorium theatre yesterday, would attract considerable attention, but there are few who would have been willing to predict the success for the production which it actually secured.

This is in every respect a remarkable photoplay, and Mr. De Mille as director, and Jeanie Macpherson, as author, are to be congratulated for the genius they have displayed in their co-operative labors. The theme deals in vital fashion with the war and Miss Macpherson chose to regard the conflict more or less from the point of view of a child—that is to say the psychological effect upon the little ones of the war-torn nations of Europe, particularly in Belgium and France, appealed to her as vitally important.

What would be their impression? They, the citizens of tomorrow, how do they regard this terrific and Titanic struggle? So, in writing the story, Miss Macpherson dealt quite largely with the feelings, experiences and trials of a little Belgian boy whose sister has married a German who later becomes an officer in the Hun army.

The hatred engendered by minor cruelties is depicted; the loyalty to Belgium and to that noble monarch, Albert, is shown most touchingly. And finally, the advent of the American forces, the discomfiture of the Huns who plan untold horrors with liquid fire, the outcome of a romance between a young American officer and the Belgian girl wedded to a hateful German, who is later killed, all these phases enter into a story at once logical, convincing, touching, beautiful and minus those shocks of actual battle scenes which sometimes mar war pictures because they are dragged in by the heels to make up for deficiencies in the story. The last showings are seen tonight.

"A Night In Honolulu."

A new play of Hawaii, by Howard McKent Barnes, is told in three acts. A beautiful Hawaiian girl, deserted by her lover, an Englishman, in a spirit of revenge substitutes the child of his white wife for that of her own which she died and rears her as a native. She is afterwards known as "Kalama," a dancing girl of Hawaii. She is sought afterwards by the white people, flattered and favored by them, but when her heart goes out to a white man and the sentiment is reciprocated the old fateful barrier stands in the way; the intermingling of the race is confronted. Here the actor works out this situation in the most absorbingly told in "A Night In Honolulu," which is shortly to be seen at the Auditorium.

This attraction plays the Auditorium Saturday (tomorrow) afternoon and evening. A popular priced matinee is given tomorrow afternoon, with all seats reserved. Seats are now selling for both performances.

"The Uplifters."

"The Uplifters," the latest Metro comedy-drama in which May Allison is starred, and which will be shown at the Auditorium theatre Sunday, next, is adapted from the story of the same name by Wallace Irwin published in the Saturday Evening Post.

This clever story tells of Hortense Trout's venture into the land of big game, and of her thorough disillusionment of its much vaunted allure.

Listening to the lurid talk directed against society and capital by a red-hot woman socialist, she begins to think that she, too, is one of the down-trodden. She gives up her position as stenographer and seeks the lady of oratory who sympathizes with her and persuades her to join the "unshackled free."

Hortense accepts but soon finds that she has only exchanged one kind of drudgery for another and that being called "communist" by a lot of long-haired men and short-haired women does not compensate for everything the unpleasant people expect her to do. The comedy is exceptionally amusing and is filled with unusual and unexpected situations.

"Forbidden."

A gripping story of a country girl who longed for the life and white lights of the city, and a man who was tired of them all and craved the peaceful life of the countryside, is told in "Forbidden," the latest Universal production, in which Mr. Charles Chaplin (in Oldfathers Harris) has the leading role.

The story of "Forbidden" smacks of the old myth of Pandora who opened the forbidden box and let loose all the troubles of the world.

"Forbidden" will be shown at the Auditorium Monday and Tuesday.

"Safety First."

The Auditorium has a special one-reel feature, "Safety First," a Ford weekly, that is more than interesting. It is a Boy Scout feature and is called "Safety First," showing what the Boy Scouts throughout the United States can do. It is well worth while and is seen together with Cecil De Mille's "Till I Come Back."

Neill O'Brien's Minstrel Notes.

A new song and dance conceived by Neill O'Brien and staged by Pete Detzel will be one of the feature acts in this year's production of the Neill O'Brien Minstrels.

Miller and Strong, eccentric song and dance artists, will be seen in their new acrobatic dance with the Neill O'Brien Minstrels this season.

Lester Haberkorn, famous baritone vocalist, in a new repertoire of songs will be heard with the Neill O'Brien Minstrels.

O'Brien's Minstrels comes next week.

Sousa's Band.

Practically all of the civilized world is familiar with Lieutenant John Philip Sousa, the band leader and hundreds have given imitations of him when leading his band. Many also know that he is a composer of operas, words and music, has written some splendid books and that he has composed more than 100 successful marches. But only his friends know him when he puts aside his uniform and becomes a plain American citizen, ready for any fun or frolic. He is a lover and student of nature, and passes weeks every year "out in the wilds" with his horses, his dogs and his guns.

Mr. Sousa has become one of the best trap shooters in the country, and his home at Port Washington, L. I., is littered with the trophies he has won.

Lieut. Sousa and his world famous band will be heard at the Auditorium on Sunday afternoon, September 22nd.

Howe's Pictures.

Every American takes a remarkable interest in Charles M. Schwab and his picturesque career. Schwab, it was, who put over America's mighty ship building program and did his vast "bit" in winning the war for democracy. Before that, however, Schwab, had proved his

tremendous abilities, amounting to little short of genius, in developing the steel industry of the United States.

Lyman H. Howe's Travel Festival, which comes to the Auditorium theatre next Thursday afternoon and evening, upon its silver jubilee tour, has secured a remarkable motion picture tour of the vast Bethlehem, Pa., steel plants, where America's steel industry centers and where Charles Schwab first made his name.

Schwab worked his way up from the bottom. Born in Williamsburg, Pa., in 1862, he entered the steel trade at the age of 18 at the Carnegie steel plant. Within a few years he began to advance and at the age of 30 was made manager of both the Homestead and Braddock plants of the Carnegie interests. Next he became president of the Carnegie company. His meteoric success has continued, the last step yet recorded coming when Uncle Sam called upon his tremendous organizing abilities to put over the nation's ship building program and defeat Kaiser Bill. Again Schwab succeeded.

ALHAMBRA.

"The Pest."

The Alhambra today and Saturday offers that star of stars, Mabel Normand, who last week in "Mickey" at the Auditorium broke records for a week's engagement in Newark. This time she is shown in the Goldwyn feature, "The Pest," a breezy play that will surely drive dull care away from any that may be afflicted who visit the Alhambra theatre during the showings.

"Common Property."

The Alhambra on Sunday has what is considered by the Universal Picture Corp. as being one of their best photoplays of the season "Common Property," with Robert Anderson as the star. This feature at the Strand theatre in New York this week is turning hundreds away daily. It is a new release only being released this week.

The story is most timely, for it points to Russia where in the scenes of "Common Property" we have the sensational picture of a Russian American wife and daughter claimed by Bolsheviks under their infamous decree nationalizing all women. This feature is a thrilling story of a great subject and is handled in a wonderfully artistic fashion.

"Spotlight Sadie."

Mae Marsh comes to the Alhambra theatre, beginning Monday in what is said to be without question the best Goldwyn Picture in which she has yet starred. It is "Spotlight Sadie" and presents the appealing star in precisely the sort of role she is best equipped to play. She is Sadie Sullivan, described as "a whimsical product of Old Erin." Thatched roofs, jaunting cars, simple attire and all the features of life in Ireland are beautifully pictured early in the story. Later the peasant girl comes to New York and in time emerges on a theatrical career, becoming, by reason of her shyness and aloofness, "the saintly showgirl" in a dashing musical comedy.

GEM.

James J. Corbett.

The Gem theatre has a reputation for showing none but the finest serial photoplays from the biggest companies. Maintaining that reputation, they are now showing what is considered one of the greatest instalment moving pictures ever shown in which the most famous star they ever had the pleasure of presenting, James J. Corbett, in the sensational Universal serial, "The Midnight Man." Thrilling adventure, wild romances and dared-to-deeds entwined in a beautiful love story.

GRAND.

For this afternoon and evening only there will be presented at the Grand one of the best human interest pictures that has been shown in this city for some time. The title is "The Mayor of Philby," presented by Miss Belle Bennett and a competent company.

BELGIAN CARDINAL IS GIVEN GREAT OVATION

Albany, N. Y., Sept. 19.—Cardinal Mercier, primate of Belgium, arrived here today. Accompanied by a military escort and an enthusiastic committee of welcome, he was driven through crowded and flag-draped streets to the Capitol, where he was formally welcomed to New York by Governor Smith.

The color sergeant of the military unit that acted as escort to the heroic prelate was Alfred B. Smith, Jr., son of the governor. After the extension and reception of informal greetings at the Capitol, Cardinal Mercier was conducted by the governor on a tour of inspection of New York's \$25,000,000 Capitol. Later he received the formal welcome of the state, extended by Governor Smith, at a reception in Chancellor's Hall in the state education building.

As a climax to his formal welcome the degree of doctor of laws was conferred on Cardinal Mercier by the University of the State of New York. This distinction hitherto had been conferred upon only three persons—Ellihu Root, Thomas A. Edison and Jules Jusserand, French Ambassador to the United States.

CHILD FATALLY BURNED IN FRAZEYSBURG HOME

Winifred Browning, aged 18 months, daughter of Mr. and Mrs. Price Browning of Frazeysburg, died Monday from burns received last week. The child was frightfully burned about the left side of the body, and her head and face severely scorched.

Members of the family do not know just how the accident occurred. Mrs. Browning left the infant child and an older sister in a room of the home while she went to the rear of the house to hang up some clothes.

YOUTH IN ILL HEALTH BROODS OVER LOST CAR

Renewed efforts are being made to locate the 1919 Ford automobile stolen August 14 from Clarence Sesser's garage, 312 Wilson street, because of the serious illness of Young Sesser who has brooded over the loss of the machine for more than a month. Sesser has been in ill health since spring and the machine was purchased in the hope that its use would restore his health.

He was dangerously burned a year ago in Muscatine and last spring he suffered two attacks of flu which left him with a bronchial affection. His condition has grown worse since the car was stolen until it has become quite serious. A reward of \$50 has been offered for the return of the machine.

QUARREL OVER ESTATE CAUSES FATAL FIGHT

Cincinnati, Ohio, Sept. 19.—Hermann Buning 41 died today at the general hospital and his stepfather, Lon Ross 54 is at another hospital in a serious condition from five bullet wounds. Acting coroner M. F. Roebeling and the police were told that Buning last night shot his stepfather and then shot himself and that a family dispute over the \$22,000 estate left by the mother of Buning precipitated the tragedy. Buning's mother last March married Ross and a few days ago she died.

NO GRAND JURY REPORT BEFORE NEXT WEEK

The grand jury this morning began an investigation into the big cost of living and a number of witnesses were subpoenaed to testify before that body. This will necessitate extending the scope of inquiry so that the grand jury will not report before the forepart of next week. No report of any indictment will be made until that time was the statement made by Prosecutor Chas. L. Flory today.

RETIRED DIPLOMAT MADE "BEARER OF THE GREAT SWORD"

Sir Edward Goschen.

Sir Edward Goschen has just been appointed by King George to the ancient and honorable office of bearer of the great sword of state of the realm. The office, which has been vacant for three years, carries no duties save the very strenuous one of bearing the great sword with both hands, point upward, at state functions and court pageants. Sir Edward was British ambassador at Berlin at the outbreak of the war. He has retired from diplomatic service because of his age.

OFFERS GIFT FOR RETIRED MINISTERS

Youngstown, Sept. 19.—Balloting of delegates to the general conference and the opening of the lay electoral conference today occupied one of the most important business sessions of the northeast Ohio Methodist conference, in session here. Congressman John Cooper is a candidate for delegate to the general conference.

Pastor's salary again occupied the conference late yesterday evening with the offer of Frank J. After, Cleveland, of \$100,000 for the superannuates' fund, on condition that the conference raise an equal sum. The conference still lacks \$17,000 of the needed amount.

The interchurch world movement was discussed last night by Dr. William L. Poteat, New York, while Dr. John Krantz told the delegates of the "world outlook," a publication in which denominational members are to be merged to cover world missions of all denominations.

Assignments of ministers are to be made Monday. The conference voiced sharp indignation yesterday at the proposed change in Ohio conference boundaries, some speakers referring to the proposal as "selling the northeast conference into slavery."

EIGHTEEN ENTER 150 MILE AUTO EVENT

New York, Sept. 19.—Eighteen drivers are entered in the 150-mile classic and a 10-mile special match race at the Sheepshead Bay Speedway tomorrow afternoon. It was announced today by the contest board. The races will decide the long distance and sprint champion of 1919.

The entries in the 10-mile match race are De Palma, Tommy Milton, Ralph Mulford, Joe Boyer and Louis and Gaston Chevrolet. These drivers are the winners of the various classics this year and will compete in three 10-mile heats for the sprint championship and a purse. The 150-mile event, in which the 18 drivers will start, will be a revival of the speed feud between the Chevrolet brothers. This will be the first chance Louis Chevrolet will have to win back the laurels Gaston won when he smashed the 100-mile world's record which Louis held for more than 10 years.

THE LEGISLATURE.

The Ohio legislature is running true to form in its Americanization committee plans. It has made Americanization in Ohio a matter of politics and will spend a big sum of the state's money in doing it.

Original plans for Americanization work gave the appointment of the committee to the governor who would have named educators of state and nationwide renown. But the legislature, with characteristic political jealousy took into itself the naming of the committee and has placed Senator Ake, at the head of it. The result is that prominent educators of the state, patriotically interested in Americanization work, so necessary in some parts of Ohio, will have none of this political play. It has been well said that the legislative committee plans to spend \$25,000 to teach the foreign element in Ohio how to vote the Republican ticket.

PATCHING UP MISTAKES.

It was interesting to watch the Republican leadership of the legislature, squirming around and trying to get out of an extra session of the esteemed body to correct the latest error found in the bill placing classification before the Ohio electorate in November. They managed to get an opinion from the attorney general saying that the officers of the legislature can make the correction in the bill as filed with the secretary of state. So the correction has been made.

But the question is not yet settled by any means. Opinions of the attorney general are not law in Ohio and many lawyers hold that the change will not be upheld by the courts. In their efforts to save the legislature's face for the almost terminal carelessness that has been exhibited in engrossing legislation, they probably have overstepped the bounds.

Fruitful results have been gotten all over the state since the governor's flight on the high cost of living commenced. The crusaders reached the top of the hill when the courts upheld the validity of the Smith law and the remainder of the fight, together with rigid enforcement of the law hereafter will be easier. We want to congratulate the governor and the prosecuting attorneys of the counties throughout the state where results have been obtained. The fight will be kept up until the law of supply and demand again operates unrestricted. Some men, who scoffed at the food price fight, are beginning to realize that courageous officials, backed by public sentiment and interest, are able to accomplish big results. And with these results comes increased faith in government, something that is well worth while these turbulent days.

The folks who find fault because so many people act ignorantly in these times of unrest, are often the same ones who were unwilling to pay fair taxes on popular education.

Some localities never bother the motoring public with highways closed by detours, as they never do anything to fix up the roads.

"The peace of the world is every body's business"—Woodrow Wilson.

LABOR WARS.

During the past it has often been true that the only way a body of workers could secure justice was by a resort to strike. But at best it has been a forcible method that was essentially war.

The community is thoroughly sick of having the issues of life settled by force and threats of force. People used to protect their property by guns and pistols and their own fists. Nowadays, is there a dispute over property or other matters, people go to the courts about it, and the courts settle it. The community will not permit people to get out and fight to see which owns a certain piece of land or other property. It should not permit industrial quarrels to be settled in this way.

Strikes are one of the causes of the high cost of living. They reduce production, which makes commodities scarce and raises their price. When any group of workers strike, they advance the cost of their product to the entire community. They may get what they struck for, but they have got to pay for all the strikes which other groups of workers carry on. It will not be possible to reduce the cost of living, until means are found to settle industrial disputes without strikes.

The proposed conference called at Washington to discuss labor disputes, is perhaps the most important event of the present year.

If all elements can enter that meeting with an open minded desire to be fair and just, it will be an epoch making gathering. If it can agree on some line of policy on which all elements can unite it can start the United States on a period of unprecedented prosperity. But if as the result of the failure of this meeting and other similar conciliatory efforts, labor and capital must still settle their disputes by the methods of war and force, the country is headed straight for industrial disaster which will bring suffering to millions of homes.

In these days of railroad strikes, the President ought not to attempt a 10,000 mile trip without providing himself with a good stout pair of walking shoes.

ONLY A GOOD START.

(St. Paul Pioneer Press)
So far as Minnesota is concerned the fight for woman suffrage has ended in victory for the women. The full possession of the ballot on an equal basis with males now awaits ratification only by the remainder of the thirty-six states necessary to make effective an amendment to the constitution of the United States.

The women citizens of the land, then, may well begin the consideration of the subject: What are we going to do with the vote now that we have it? That subject was ably opened at the recent "felicity" banquet following the action of the legislature. Among the strong expressions of Mrs. Walter McNabb Miller of St. Louis was an appeal to the new voters-to-be not to vote by heredity or prejudice and to pursue the work already well under way, thanks to the influence of women in politics even without the ballot, to improve and alleviate the condition of humanity.

We can only add our emphasis to these injunctions. A certain amount of hereditary and prejudicial voting is unavoidable. We have it—and of fatal strength—in men voters. We must expect a certain amount in women voters. But we hope that the ballot in the hands of women may reduce, right from the start, the percentage of bell weather and ancestor voting.

As a whole, women are more free minded than men. They see more of the human side and less of the policy side of politics. We may expect, as distinguished from them, more of the heart and less of the pocketbook in their calculations. This we may expect from those who are interested. But we must expect, for some years to come, a dense mass of solid apathy and ignorance such as persists even yet in the male electorate.

The work of the pioneers of women suffrage, therefore, is by no means finished. They should regard their victory in securing the ballot rather as a preliminary fight in a general campaign to improve citizenship, enlighten the people, strengthen government and bring the reign of justice and contentment.

Spirit of the Press

Using Their Heads.
The United Mine Workers of America apparently are fully aware of their responsibilities in the public interests. The miners have been assembled in convention in Cleveland indicate strong tendencies among those in authority to solve the workers' problems along constructive lines. There have been some suggestions, it is true, which are to be considered radical, such as the advocacy of nationalization of the mines and an alliance between miners and railroad men. But a healthy sign is found in the fact that those in authority favor educational and persuasive methods of obtaining important changes in industry, rather than the use of force. This is no time for destructive movements of any kind, and union officials who oppose them are doing the greatest possible service for the cause they represent.—Cleveland Plain Dealer.

When the Children Strike.
The strike of 250 school children in Clifton, N. J., in protest against the removal of the principal of one of the local schools, leads one to wonder if there is to be no age limit for strikers. If children are beginning to strike before the grammar school days are over, why may they not accomplish in the way of reforming their school management, their teachers, their curriculum and even their parents? What if they should elect to strike against the monotonous diet of milk, the high price of even that soaring commodity might be reduced!—New York Evening Post.

It begins to look as if some one had left the Plumb plan out in the sun too long.—Indianapolis News.

There Are Others.
Aunt Caline says:—Last nite after Zeke got back from the post office with the Advocate, in come Toby.

Shure, as he greets me, he greets me for nothing. So he says, "Zeke, mind if I look over the paper a mite?" he says. "An' so he commenced askin' me over the paper, a readin' a bit here an' there, enough to drive a person fair crazy. At last he says, "Say, folks, says he, "who's Otto Crank?" he says. "He's lost an' they're advertisin' him," says he. "But it's not nobody I know," he says, careless like. "Well," says Zeke, a-winkin' at me, "I guess they must mean Otto Still; he's about the only otto crank I no anything about," he says.

FALLING PRICES.

(Saturday Evening Post)

The two big causes of high prices are inflation everywhere and scarcity of staple goods in Europe. Neither of those causes can be removed by government action. An embargo on exports has been suggested. That would shut the door in the face of famine-stricken Europe and bring disastrous reactions here. Take cotton, one of the most staple articles, used by everybody. The American price is nearly three times what it was in 1914. This extra cost can crop is about ten millions bales, which is fifty per cent above domestic consumption. Cut off exports and the price would probably drop fifty per cent overnight—and a few hundred thousand Southern farmers would be coming up to Washington with tar and feathers. There can be no great and sudden fall in prices without panic, depression and ill effects as grievous as the high cost of living. Any material change in the price level must come gradually or cost more than it is worth. The general price level is little different from what it was a year ago. When the government was extensively fixing prices, Price fixing will change it little now.

All the same, this agitation against high cost of living is a good thing. Trade has fallen rather extensively into a wartime habit of price-hoarding. That is, a few cents' worth of goods after the normal thing; and it seemed about as easy to get one price as another. In that state of mind sellers of goods inclined to give themselves the benefit of all doubts and buyers of goods accepted the result as a matter of course. The average man was getting in the way of regarding his cost of living as an uncontrollable affair, like a rudderless driftable adrift in the wind.

This agitation will focus attention on prices, set up a sharper inquiry, encourage the consumer to make a firmer stand. Consumers have a right to know that a given price is justified. A decided tendency to insist on that right will tend decidedly to bring about prices that are justified. Especially this agitation ought to call a halt on foolish spending. Undoubtedly many people, rather giving up cost of living as a hopeless job anyway, and without the wartime campaign for saving, were getting in the way of thoughtless spending. The national problem, the world problem is pretty much just the individual problem—more goods, greater care in consumption, less credit.

PE-RU-NA

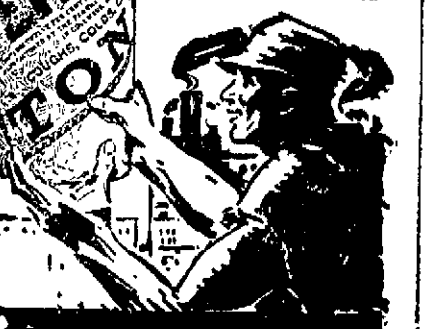

For Catarrh and Catarrhal Conditions

It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, stiff joints and loins, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle of PE-RU-NA. It is a good medicine to have in the house, ready-to-take for emergency relief. It is a good remedy to use any time.

BENADUM, RACE DRIVER IS INJURED AT WESTON

John Benadum of Zanesville, a well known horseman who has driven at the Licking county fairs for many years, was severely injured in an accident at the Weston, W. Va., track a couple of days ago in a mixup of drivers and bikes. Benadum had nearly all of his ribs cracked on the right side. He was driving Flo V. at the time and after the accident Benadum was sent to the hospital for treatment and was able to return home yesterday.

SOCIAL AFFAIRS

The West Side Church of Christ will give a reception in honor of the new minister, Rev. D. W. Thornton and family and the new members of the church this evening at 7:30 in the church.

Mrs. Lawrence Goodell, formerly Miss Helen Hoover, of Granville, was given a miscellaneous shower at the home of Miss Faith Keyes, 76 Fulton avenue, on last Wednesday evening. The shower was given by the girl friends of Mrs. Goodell, all of whom are employed in the accounting office of The Central Power company, where Mrs. Goodell was employed before her marriage.

After the many little gifts for the newly wed were unwrapped the party adjourned to the dining room for supper. The big table, like the rest of the house, was prettily decorated in autumnal colors and a large bowl of zinnias occupied the center. The pretty place cards at each plate carried out the same fall suggestion.

Among those present were: Mrs. Lawrence Goodell and the Misses Faith Keyes, Beatrice Follmer, Elizabeth Ballerstedt, Ruth Porter, Helen Sawyer, Mabel Hughes, Marguerite Moore, Mary McKessell, Pauline Conley, Myrtle Hitchcock and Mrs. Shirley Lucas.

The members of the Ladies' Aid Society of the First Baptist church entertained at supper in the church parlors Tuesday evening in honor of Mrs. J. E. Jones. Just before supper was served, Mrs. Charles Allen, in a happily worded address of appreciation, presented Mrs. Jones, on behalf of the society, a beautiful amethyst ring mounted in hand wrought silver, as a symbol of their affection for her. Although it was a complete surprise to Mrs. Jones and she was naturally deeply affected, she quickly recovered her poise and responded in her charming manner.

Mrs. F. S. Wright entertained with a charmingly appointed luncheon Thursday at her home at the corner of Eddy and Hoover streets. The house was decorated with garden flowers and the following guests were present: Dr. Zella Dixon and Mrs. Hollenbeck of Granville; Mrs. Willard Warner of Washington, D. C.; Mrs. Lord of Columbus; Mrs. John Holloway of Lexington, Kentucky; Mrs. J. B. Jones, Miss Mary E. Penny, Mrs. L. P. Franklin and Miss Mary A. Sprague.

Vogel—Broome.
The marriage of Miss Katherine Broome and the William Vogel was solemnized Thursday morning in the Holy Family church, Columbus. Rev. Father Clark, the pastor, celebrated the nuptial mass.

Mrs. Vogel is the daughter of Mr. and Mrs. Charles E. Broome of Maple avenue of this city and was formerly one of the firm of Smith & Broome, millinery.

Mrs. Vogel is a bookkeeper for the Sulphur Mines company. After October 1st, they will be at home at 171 Eureka avenue, Columbus.

Johnson-Hutchinson.
Thomas Johnson of this city and Miss Cora Hutchinson of St. Louis were united in marriage Thursday evening at 5 o'clock at the U. B. parsonage, 260 East Main street, Rev. P. E. Wright officiating.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

PERSONAL

Mr. and Mrs. William Sheridan, who have been the guests of Mr. Sheridan's mother Mrs. Bernard Sheridan at her home in North Morris street for the past ten days, returned Thursday to their home in Louisville, Ky.

Mrs. John Holloway, formerly Miss Anne Fulk of Kentucky is the guest of relatives here.

Mrs. J. E. Jones expects to leave next Tuesday morning for Berkeley, California, where she goes to make a home with her son, Dr. Roger M. Jones, who occupies a chair in the classical department of the University of California.

Frank Spencer went to Green Bay, Wis., last night for a short visit with Jack Hundley.

Edwin Stedem will return to Cleveland within a day or two to resume his medical studies.

Mr. and S. A. Mears, who live east of Newark, Miss Mary McCahon of Dresden and Walter Reed of Pataskala were guests of Mr. and Mrs. G. W. Crawford yesterday.

Mrs. R. L. Dorch and little son will return to her home in Shreveport, La., on Saturday after spending the summer with her parents, Mr. and Mrs. John Myers of Logan avenue.

Mrs. Irene Ditter, a teller in the Licking County Bank, has returned from two weeks vacation spent in New York City and Washington, D. C.

Mr. and Mrs. James R. Cooper and Mr. and Mrs. J. T. Lewis were in Columbus yesterday attending the Elk luncheon and also the grand circuit races.

Miss Amy Montgomery of Lawrence street, a graduate of Newark High and Denison University is teaching mathematics in the Cambridge high school this year.

Mrs. John Jeffries was removed from her home in Webb street to the City hospital in the Ezzar ambulance. James E. French, attorney at law, of Nickerson, Kansas, has been spending a few days in Utica and St. Louisville and Martinsburg, his former home towns. Mr. Francis has been located in Kansas some 35 years with few visits back to Ohio.

PREPARE WEHRLER PARK FOR GAMES

Old Canal Bridge Removed and Roadway Constructed Across Ditch In Front of Park Gate.

When football fans go to Wehrler Park Sunday to see the new Murray's Snickers in action, a number of changes will be found in the historic old park. The old bridge across the canal, which used to be held as a threat over the heads of umpires by baseball fans of past years, is being removed and the canal will be filled in to make a roadway. Lumber for the repair of fences and for the erection of boundary posts along the side lines are on the ground and the changes will be made promptly. Goal posts will be put in position tomorrow in the gridiron marked off. Manager Sandy Murray announced this morning that ample parking space for automobiles would be provided on the east side of the playing field. The team held another satisfactory practice last night and all the players are enthusiastic over the prospects for the season.

THE MARKETS

Cleveland Produce.
Cleveland, Sept. 19.—Butter: creamery in tubs, 50 to 60¢ extra firsts, 58 to 59¢ firsts, 57 to 58¢ second. Eggs: live fowls, 25 to 26¢ heavy grades, 30 to 32¢ springers, 25 to 26¢ ducks, 29 to 32¢.

Wall Street.
New York, Sept. 19.—The decision of the labor unions to inaugurate the steel strike next Monday caused very slight unsettlement at the opening of today's stock market, such as having a few cents been discounted. United States Steel declined the smallest fraction at the outset, later yielding half a point, and kindred shares moved in sympathy. The one exception was Crucible Steel which made an early gain in 1 1/2 points. Texas company featured the oils advancing almost 2 points and tobacco was firm to strong. Trading was light and reflected an undertone of caution. Absence of selling pressure soon caused short covering, the market becoming moderately active. United States Steel rallied 1 1/2 points showing an actual gain of large fractions on purchases of numerous large individual lots. There was a steady demand for Bethlehem and Crucible Steels, equipment were actively represented by American and Baldwin Locomotives at substantial gains and Marine Preferred led the shippers, gaining 2 points. Oils improved on buying of Mexican Petroleum, motors and kindred specialties also hardening with leathers, textiles and food shares. Foreign exchange was steady and call money opened at 5 per cent.

Cincinnati Live Stock.
Cincinnati, Sept. 19.—Hogs: receipts 5,500; steady to 50¢ lower. Selected heavy shippers \$16.75 to \$17.25; good to choice packers and butchers, \$17; medium, \$17.
Cattle: receipts 500; slow. Shippers \$11 to \$12.50; butcher steers, extra, \$11.50 to \$12; good to choice, \$10.50 to \$11.50; common to fair, \$7 to \$10.
Calves: strong, extra, \$29.50 to \$31; fair to good, \$14 to \$25.50; common and large, \$10 to \$13.
Sheep: receipts 1,300; steady. Good to choice, \$6.25 to \$6.50; fair to good \$4 to \$5.

Chicago Grain Review.
Chicago, Sept. 19.—Lack of selling pressure, rather than any aggressive buying, appeared to be the chief responsible for moderate upturns which took place today in the value of corn. Opening prices, which ranged from a half to 1 1/2¢ higher, were: Dec. 1.25 to 1.26; 1.26 and May 1.21 to 1.22; 1.22 and 1.23 followed by slight additional gains and then something of a reaction.

Oats were firm in sympathy with wheat. Most of the demand came from shorts. After opening unchanged to 3/4¢ cents higher, the market reacted somewhat.

Higher quotations on hogs gave steadyness to provisions. Trade, however, lacked volume.

Chicago Live Stock.
Chicago, Sept. 19.—Hog receipts 8,000, mostly 25 cents higher than yesterday's average, heavy 16.50 to 18.50; medium 16.75 to 18.25; light 17.00 to 18.25; light hogs 16.00 to 17.50; heavy packing sows smooth 15.75 to 16.25; packing sows rough 15.00 to 15.75; pigs 15.00 to 16.50.

Cattle: receipts 2,000; beef steers medium and heavy weight choice and prime 15.50 to 17.50; medium and good 11.00 to 15.50; common 8.25 to 10.75; light 7.25 to 10.75; heavy 14.00 to 17.50; common 8.00 to 13.75; butcher cuts heifers 6.50 to 14.75; cows 6.25 to 13.50; canners and cutters 5.25 to 6.25; veal calves 20.25 to 21.50; feeder steers 7.00 to 12.25; stockers and yearlings 5.00 to 10.00; range beef steers 8.00 to 10.00; cows and heifers 6.25 to 12.50.

Sheep receipts 14,000; lambs 14,000 to 17.75; culled and common 7.00 to 12.00; ewes medium and good and choice 6.50 to 7.50; culled and common 2.00 to 6.25; breeding ewes 6.50 to 12.50.

Boston Wool Market.
Boston, Sept. 19.—The Commercial Bulletin tomorrow will say: "The American wool market has passed through another dull week somewhat relieved by the strong tone shown in the London colonial wool auctions where advances of 3 to 15 percent are reported with American operators setting the pace. The finer wools advanced most. The South American markets are quiet and easier. The manufacturing situation represents no new prospects."

Chicago Produce.
Chicago, Sept. 19.—Butter: steady; receipts 47,635 to 50,000. Eggs: higher receipts 30¢ cases; firsts 45 to 46¢ 1/2; ordinary firsts 39¢ 1/2; at mark cases included 39¢ 1/2 to 41¢ 1/2; storage first 46¢ 1/2 to 47¢.

WYETH CAR WAS CHICAGO BOUND

Thieves Evidently Intended
To Lose Themselves In
Big City—Car Shows
Hard Usage.

Thieves who stole the Cole-8 automobile of Dr. C. L. Wyeth a week ago Sunday while it was parked near the First M. E. church, were driving at top speed for Chicago when the ignition and lighting battery gave out and the men had to stop for repairs at Elkhart, Ind., 60 miles east of Chicago. The car was abandoned in a garage there.

Dr. Wyeth and his son Russell Wyeth returned early Thursday morning after driving the distance of 400 miles. The two men were seen to enter the car near the church and drive west in Granville street. They passed the Granville bus at 16th street, going at a high rate of speed. No further trace of the men was found until Dr. Wyeth received a letter from a garage man at Elkhart asking for a description of his car.

It is apparent, Dr. Wyeth said, that the thieves sought to reach Chicago before daylight Sunday. That they drove at high speed throughout the trip was indicated by the condition of the car. The brake drum on one side had been burned until the cream colored paint was turned brown for a depth of two inches. The thieves followed a plainly marked road map which was found in the car.

The white letter "W" on the side of the car had been removed and furniture polish applied. The bottle of polish was found in the car. The instruction book which bore Dr. Wyeth's name and address was still in the car, though the cover was torn off, destroying the owner's name. The car was in good condition and everything was intact except the spot light, robe, some tools and the tire rack, which had been removed.

The men abandoned the car on the street after it had stopped and were found trying to crank the machine by a laborer who was on his way to work. They asked him to notify a garage man to take charge of the car and left word they would call for it later.

The garage man secured the owner's name from the secretary of state's office, Columbus, and at once notified Dr. Wyeth.

Dr. Wyeth advises car owners to lock their cars substantially even for a short stop, to carry auto theft insurance or be prepared to stand the loss.

HUNT SHIP WITH 300 ABOARD; LONG OVERDUE

Havana, Sept. 19.—Two Cuban gunboats are searching along the northern shore of the island and in the Bahamas for some trace of the Spanish steamship Valbanera, which is nine days overdue, and for the safety of which grave fears are entertained.

The steamer with 300 passengers on board, arrived off Morro Castle on September 9, when a great tropical hurricane was raging and being unable to enter port, put out to sea, to wait for the storm to abate. Paint wireless calls supposed to come from the Valbanera have several times been picked up here and at Key West, but they were so faint that the location of the vessel could not be learned.

While those who have hoped the ship was safe are beginning to be pessimistic over her fate, it is pointed out that the ship's former owner rode out a storm fully as violent as that of last week, reaching port 14 days overdue and with her upper works virtually stripped away by mountainous waves. They say the ship was well equipped with water tight compartments and was supposed to be unsinkable.

It is suggested that other means of finding the ship being fruitless, hydroplanes might be sent out from Key West to search.

IRISH EDITORS TAKE UP WILSON'S WORDS

Dublin, Sept. 19.—The Freeman's Journal yesterday in commenting upon the statement of President Wilson regarding Ireland and the league of nations welcomes the statement as evidence that the Irish question is not purely a domestic one.

"Where we differ from the president is in the contention that the league as it stands provides an instrument to protect small peoples."

The comment of The Irish Times, a Unionist journal, on the president's statement reads: "Although the president did not mislead his questioners he may have misled them, for there is a vast difference between calling attention to the need for a league of nations and President Wilson's statement encourages any widespread misapprehension in the United States, a plain pronouncement by the British government may become desirable."

The view taken by some prominent Sinn Féin representatives on article 10 of the covenant seems to be, as one has expressed it, that it has a malevolent bearing on the case of Ireland.

FATHER IN JAIL CHILDREN HERE

Roscoe Jones and Joseph Madden, alias Caldwell, who were caught in the act of robbing the Slack meat market Sunday night, and who pleaded not guilty in municipal court Monday, charged with shooting with intent to kill and carrying concealed weapons were transferred from the city prison to the county jail Wednesday afternoon.

Caldwell was married and is the father of seven children. His wife resides at Akron while the children are living at the Licking county children's home.

CIVIL WAR NURSE DIES

Shawnee, Sept. 19.—Mrs. Elizabeth Fleming, aged 80, mother of Mayor J. C. Fleming, died here Wednesday night. Mrs. Fleming had been a resident of this township for the past 47 years. She served as nurse in the Northern army during the civil war. Eight children survive, four sons and four daughters.

Death leaves a shining mark and Cupid leaves a soft one.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard skin, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

ELKS ELECT OFFICERS AT CLOSING MEETING

Columbus, Sept. 18.—James P. Breen of Ashtabula was elected President of the Ohio Elks association at the final business session of the association to succeed Charles W. Fairbanks of Marion.

Other officers named are: John W. Ranney, Columbus, secretary; John W. Kaufman, Columbus, first vice president; J. A. Sullivan, Cleveland, second vice president; William Petri, Cincinnati, third vice president; Lorin Davis, Galion, treasurer and John Sherry, Belaire, trustee for three years.

The 1920 annual reunion of the Elks will be held at Lima. Cedar Point was the only other contender for the meeting.

Hundreds of Elks turned out for the annual reunion parade. More than 70 lodges were in line. An informal ball closed the state meeting last night.

TOURING CAR PRIZE FOR NEW MEMBERSHIP

A five passenger touring car for the representative securing the greatest number of new members over a period of six months, will be awarded by the American Insurance Union at its silver celebration in Columbus, September 21-23.

Newark will be represented by H. B. McLaughlin, who has been unusually successful in securing new members. Another contest between representatives covering the months of June, July and August, will terminate with the 25th anniversary of the A. I. U. Fourteen prizes totalling \$300 will be awarded.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store, apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

OHIO U. OPENS CLASS FOR COLLEGE CREDITS

An extension class under the direction of Ohio University, has been organized by Professor R. L. Morton of that institution. This class will meet in the Central school building on Church street each Thursday afternoon at 4 o'clock. Students who successfully complete the course are given two semester hours of college credit on the records of the university.

The subject of the course is Educational Measurements and the text, Monroe's "Measuring the Results of Teaching," one of the Ohio Teacher's Reading Circle books for this year. So those who complete this course will receive credit for doing the work of the Reading Circle and college credit as well.

Teachers, high school seniors and others interested are invited to enroll next Thursday afternoon, September 25.

GRAND JURY RAPS PORTSMOUTH DEALERS

Portsmouth, Sept. 19.—In a special report made on its own initiative, a grand jury here at the close of a four days session, hit at the reckless driving of automobiles, scolded the boost prices by local physicians, members of the Hampstead Academy, also the high cost of living and protested against the high prices charged by Portsmouth merchants hucksters and other dealers, criticised the telephone companies, urged the erection of a new county court house and jail and also protested against the holding of street carnivals in city parks. Twenty seven indictments returned were for routine cases only.

DRYS. ASLEEP, MAY LOSE GROUND GAINED

Columbus, Sept. 19.—"Unless dry forces awake from the foolish stupor they got into after the election last November, they'll find the wets have stolen a march on them," declared J. S. Sanford, assistant superintendent of the Ohio Anti Saloon League, here last night at a Sunday school convention. Mr. Sanford was particularly bitter against the proposed constitutional amendment initiated by the wets to legalize the manufacture of two and three fourths per cent beer. "If that passes," he said, "it will mean that an intoxicating beverage will be classed as a soft drink."

RED PLAYER ON TEAM OF 1869 IS INVITED

Cincinnati Sept. 19.—Cal McVey now in San Leandro California the old right fielder of the 1869 Reds of Cincinnati, has been invited through a resolution of the chamber of commerce to attend the world's series here as the guest of the Chamber of Commerce and all expenses paid. The only other living member of the team of that year is George Wright, a wealthy Boston business man who has accepted an invitation to attend the game here. The Reds of 1869 did not lose a game during the entire series.

GOOD HORSES ENTER GRAND CIRCUIT RACES

Columbus Sept. 19.—The feature event for today's race card in the grand circuit here is the 233 pace the C. T. Dumble event. A field of horses including Lillian T. Vito won the event here in August is scheduled to start. Opposing her will be Ro. G. Gat. ton, Belle Elcantare, South Bend Girl and Ben Ali.

BEN ALLEN'S FUNERAL TO BE HELD SUNDAY

Cleveland Sept. 19.—Funeral services for Ben F. Allen Washington correspondent of the Cleveland Plain Dealer who was killed in an accident at Portland, Oregon, while a member of President Wilson's party, will be held here Sunday afternoon. Meridian lodge of Masons will conduct the services. Burial will be in Cleveland. The body of Mr. Allen is due to arrive late Saturday night.

GERMANS CONSENT TO DEMAND OF ALLIES

Berlin Thursday Sept. 18.—The committee on foreign affairs of the national assembly has decided according to the Taseblatt, to nullify Article 61 of the constitution by which Austria could not give representation in the German Reichstag. Kurt von Leisner, head of the German delegation at Versailles has been instructed to inform the entente powers that the demand of the peace conference relative to article 61 will be complied with.

JACKSONTOWN.

The farmers here are busy filling their silos and harvesting their corn. It is very dry in this community, there being no rain for some time. The garage being built by Harry Clark hotel proprietor, is nearing completion. Miss Mable Stevens, Miss Gladys Coffman and Paul Colville of Newark, were Sunday guests of Mrs. Dorothy Orr.

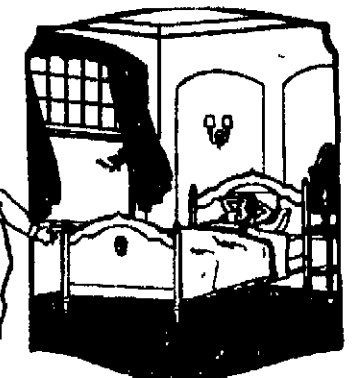

Mr. Mary Stetler is having her dwelling house remodelled. Re. C. M. Coultter of Delaware will continue his work as a minister of Jacksontown and White Chapel charge another year.

AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in, despondent people in a few days in many instances. Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased. Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over indulgence in alcohol, tobacco or overwork of any kind. For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuritis they are simply splendid. Fifty cents at T. J. Evans and dealers everywhere—Advt.

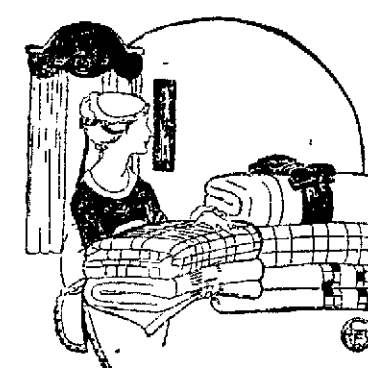

AWAKE REFRESHED A Good Night's Rest

DO you arise in the morning as refreshed as you would like to be? Are you prepared, after a night's sleep, to cope with the day's work? If not, then you're probably not getting as much real comfort out of your bedding as you should. Here are a few examples of the rest-producers that are proving of merit to our many customers. You, too, will awake refreshed if your bedding is of the quality that makes for absolute rest and comfort.

Wool Nap Blankets, Special \$5.75

AT this time, when the price of raw materials is soaring, this offering should hold a doubly important appeal to all home-managers. These blankets are of a very heavy quality with wool nap and will give comfort on the coldest nights.

\$6.00 Buys a Silkoline Comforter

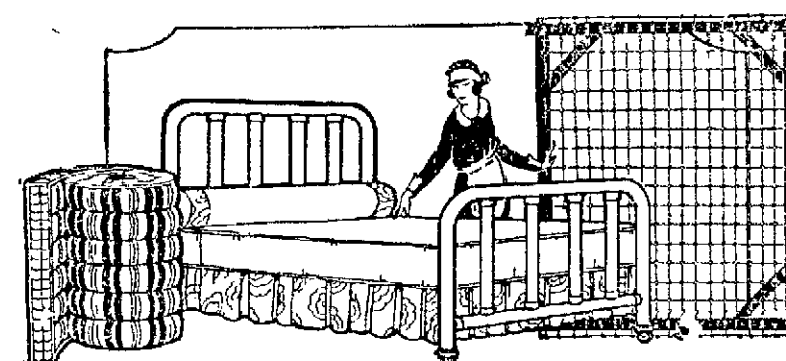

SOFT and downy, but nevertheless, warmth-giving. These comforters are filled with the best grade cotton and are covered with daintily figured silkoline. Finished with an attractive solid color border. A rare value, indeed, at only \$6.00.

A Remarkable Offering - - - Bed, Spring and Mattress

\$34.75

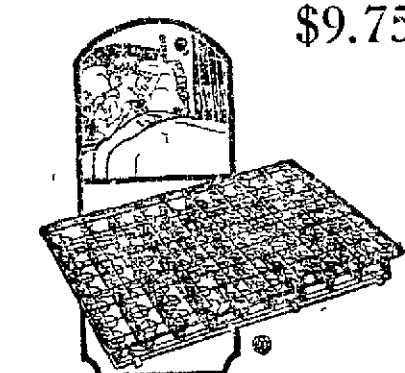

This special selling offers a means to outfitting your bedroom complete for a most remarkably low price. You'll hardly expect to see such an offer again in the near future.

\$34.75

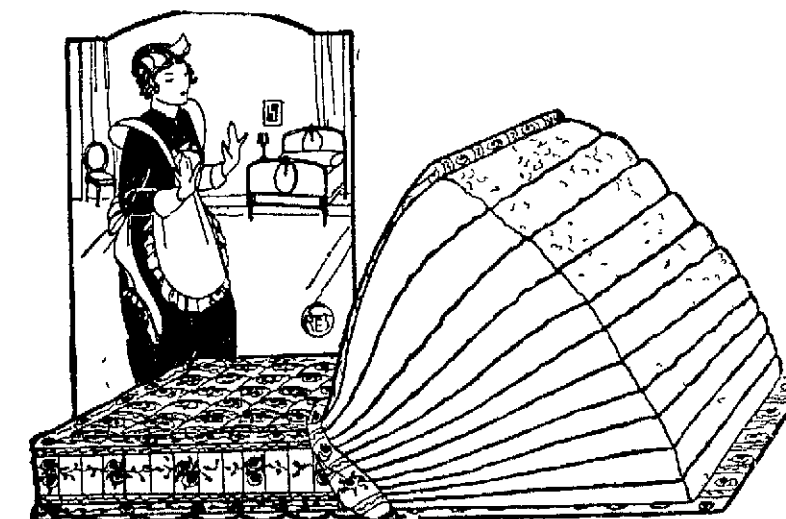

NOTHING is so conducive to good rest as a resilient bed spring. This, coupled with a soft, 45-lb. Felt Mattress and substantial bed should make the bedroom an ideal place of comfort.

Those who come early will have advantage of first selection. As we do not expect these outfits to last long at so low a price we advise prompt selection.

\$9.75

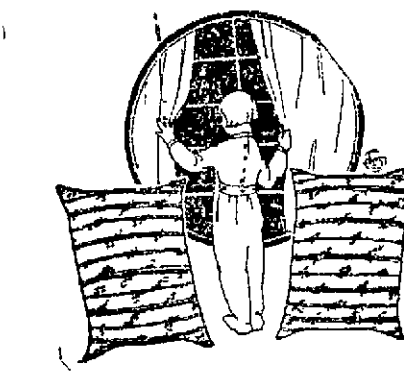

A Pleasant Sleep Is In Store For those who buy this Mattress

Enjoy Absolute Relaxation with a good Spring.

NOTHING is so conducive to perfect rest as a properly made bed-spring. This one will give you comfort to a marked degree with its resilient coils and general adaptability. Only \$9.75.

\$15.00 is an exceptionally low price for so high grade a mattress. You'll be assured of a good night's rest when you invest in soft and non-resisting a mattress as this. Unusually well made. Weight 45 pounds. All Felted Cotton.

Easy Lies the Head That Rests On Good Pillows

THERE'LL be less restlessness if you are equipped with the proper sort of pillows. These are filled with the best kind of Down Feathers. Priced at \$9.50 a pair.

HAD TO HAVE HIS HEAD PROPPED UP TO GET TO SLEEP

Zanesville man often slept in a swing, because he couldn't get down. Took Drego, which killed the gas in his stomach, moved his bowels daily, and the other troubles disappeared.

Zanesville now reports a strange case, and one that will interest many citizens. It is told for publication in this paper by Mr. John D. Sparks, a well known man, who resides at 410 Jackson St. He says—

Many a night I have slept in a swing until three o'clock in the morning, because I could not get down in bed. I always had to have my head propped up to get any sleep at all. I thought the fault was my heart but I've found it was my stomach and bowels, not when I got relief from the gas in my stomach, my heart felt alright again, showing it was the gas pressing against my heart.

This Drego medicine sure has saved my life. I believe I can now eat big meals and never have the pain and gas as before. The headache and sore muscles have disappeared and I get seven hours good sleep every night. My bowels now act regularly whereas before, I had to take medicine every night, and if I forgot it I was bound up the next day. I never have a dizzy spell now and I feel just fine. You say for me that Drego is great medicine and every person in this section should try it.

Drego rouses a lazy liver, gives strength to weak kidneys, helps the stomach to digest the food, overcomes constipated bowels, relieves headache, heartache and dizzy spells.

All good druggists now sell Drego and it is highly recommended in Newark by Evans Cut Rate Drug Store.

SUCCESS EVIDENCED IN MANY RESPECTS

"Trutona Helped Me In More Ways Than One", Mrs. Flemings Ascerts.

Ironton, O. Sept. 18.—Mrs. Rozzie Flemings is among the well known and highly respected residents of Ironton who are today publicly offering praise for Trutona, the perfect tonic. Mrs. Flemings says—

I was suffering from nervousness and stomach trouble. I didn't eat much and the little food I ate was bound up in my stomach. I was usually constipated. A heavy feeling in my stomach almost invariably followed my meals. I was so nervous I couldn't sleep or rest well at night.

Trutona has helped me in more ways than one. My appetite is a great deal better now and I thoroughly enjoy the food I eat. I've gotten rid of the heavy feeling in my stomach and I'm able to rest better at night now. Trutona is the best medicine for constipation that I've ever taken. It is alone worth the price in this respect. It is so mild and pleasant in action I feel better all the time since taking Trutona and I'm sure it will do others a lot of good."

Trutona is now being introduced and explained in Newark at W. A. Erman's Arcade Drug Store.—Adv.

How to Heal Sore, Bleeding Gums Tighten Loose Teeth

BEFORE THEY FALL OUT, DENTIST'S HOME PRESCRIPTION WORKS LIKE MAGIC

If your teeth are loosening or if your gums are receding and are sore tender or inflamed, if they bleed when you brush your teeth, are spongy, flabby or colorless or if they discharge pus or de-velon gum boils it is a warning of dangerous Pyorrhea or Riggs disease of the gums and prompt and careful treatment is necessary if you want to save your teeth from falling out.

A prominent New York State dentist has discovered a new prescription—Fujinol—for promptly correcting these troubles and it surges from tooth to tooth like magic. A few days' use and teeth tighten, the gums grow sound and healthy and the bleeding, poisonous pus discharge soon stops. An ounce jar of Fujinol will last for weeks and costs little at T. J. Evans, or any good drug store and all these leading druggists will refund the full purchase price if, in any case it fails to bring relief. No one really wants false teeth. So if you have any of the above symptoms you should by all means give this treatment a trial.—Adv.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES.

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. A dogged nostril should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should try this prescription a trial. T. J. Evans. (Adv.)

Sees First Locomotive in Utica.
I. H. Primer of Florida, Ill., one of the civil war veterans who attended the National encampment at Columbus, came to Utica last Thursday to look after the care of the grave of his mother who lies in the cemetery here. Mr. Primer is 73 years of age and he left Utica at the age of nine. He told Frank Crow that he saw the first locomotive come into Utica, when the railroad was being built. The only person whom he could remember was William Alsford, now deceased, father of Wylie and William Alsford—Utica News-Herald.

Collar Bone Fractured.
The little son of Mr. and Mrs. E. G. Fyank of 212 Buena Vista street fell while playing in the yard yesterday and broke his collar bone. The attending physician stated the injury was not serious.

Car Turns Turtle.
While returning to Utica from Newark last week, an automobile driven by Robert Crow of Utica overturned when the machine struck some new gravel just south of Utica. Crow's wrist was twisted and the car badly damaged. Ray Crow and Alva Dove who were with him were uninjured, though they were pinned under the car.

Dr. Shepardson Honored
Francis W. Shepardson, Denison 1882 was re-elected one of the Senators of the Phi Beta Kappa Scholarship Honor Society at its triennial meeting held at Harvard University, Cambridge, Massachusetts, on September 8th to 12th. The term of service is six years. Dr. Shepardson was also honored by the same society by being elected its National Vice President for a term of three years. The Denison Chapter was represented by Professor Bunyan Spencer; the Colgate Chapter by Professor Frank C. Ewart, Denison 1892 and the Rochester Chapter by former President Emory W. Hunt of Denison University.

GRANVILLE

(Special to the Advocate)
Granville, Sept. 19.—The regular monthly meeting of the Baptist social union will be held in the parlors of the church Friday afternoon. Miss Mary McKibben, recently returned from war service overseas, will tell of her work and experiences.

An important Congregational meeting was held at the Presbyterian church Thursday evening. The four elders whose terms had expired were re-elected. High tributes were paid to the pastor, Rev. Emanuel Breeze and a substantial increase to his salary was decided upon. Other smaller matters of business were decided on also. It is probable that a series of Saturday night suppers will be given by the men of the church in the near future.

The HelsarHammond sale will be held Monday on the Helsar farm recently purchased by E. C. Roberts.

The registration of college students in the last two days shows a most gratifying interest in Denison. The dormitories and club houses are being taxed to full capacity and very many students, both men and women are coming out in town.

Rev. B. P. Crawford and family will leave at once for the Third avenue church in Columbus.

A most enjoyable social was held in the Baptist church Thursday evening. President Chamberlain. After devotionals Lieut. W. A. Chamberlain gave a talk on military experiences he has had in southern camps. Lieut. Chamberlain has been in service about a year and a half. At the conclusion of his address, Capt. Clark, the director of military training in Denison brought his future work and plans before the audience.

Miss Thelma Overturn has entertained as guests in her home Miss Ethel DeLong and Mr. Carl Miller of Bedford, O., the past week.

Mrs. J. B. Cochran, who has been at her country home in West Va., has returned to Granville.

The first regular meeting of the Travelers club will be held in the Community rooms Monday at 2:30 p. m. Prof. C. L. Williams will give a lecture.

Any woman can relieve the monotony of life by marrying a man to reform him.

IRISH FRIENDS TO HOLD MASS MEET

T. S. Hogan, Former Ohio Attorney General Will Be One of Speakers at Sunday's Gathering.

There will be a mass meeting on Sunday evening at 7 o'clock in St. Francis de Sales at which the ex-Attorney General Timothy S. Hogan and Rev. Thos. Powers of Steubenville will be the principal speakers. Rev. E. M. O'Boylan has received printed matter directly from the Irish Republic parliament and will give a brief history of the struggle of the Irish people for their rights as well as Catholic, for the freedom of their country.

In announcing the meeting Father O'Boylan said: "There is no race in this country perhaps in which all our people should be more anxious for their welfare than the Irish who gave so many signers to the Declaration of Independence, so many soldiers to the army of Washington, so many distinguished men to every profession and did so much for the preservation and development of our great nation. We have many families in Licking county who trace their origin to Ireland and naturally these should feel much interest in the fact that a new republic has been established in Ireland from the nations of the world and which will never lower its new flag to any power on earth in the future. It is there to float forever over a brave and unconquerable race and the readers of these lines are all invited to hear how this has been achieved and how the people of Ireland propose to perpetuate their freedom."

"In the sacred cause of Liberty no edifice is too good to be thrown open and it is with the greatest pleasure that I offer St. Francis de Sales church for the use of the Friends of Irish Freedom next Sunday evening. I am sure that the people of my own and the parish of the Blessed Sacrament will be present and all others who wish to come are heartily welcome."

"Should those of other denominations wish to do anything for their religiousists who are co-operating with their Catholic countrymen I shall do all I can to assist them."

PYTHIAN JUBILEE CLASS HAD 33 FOR INITIATION

The golden jubilee and 50th anniversary of Newark Lodge No. 15, will close tonight with a grand jubilee ball at the castle in East Main street and the Pythian orchestra will furnish the program.

Last night the Page Rank was conferred upon a class of 33 candidates by the Blue team of Newark lodge, in dramatic form and visitors were present from Zanesville, Lancaster, Baltimore, Cambridge, Byssville and other nearby towns and cities.

The jubilee program opened Wednesday when Grand Lodge officials were present. Visitors from different parts of the state have been present and the anniversary has been a pronounced success.

BEE KEEPERS TO HEAR STATE EXPERT SPEAK

Saturday afternoon, bee keepers of Licking county will meet at the farm bureau office. R. D. Hiatt, deputy inspector of apiaries, will discuss methods of winter handling and other interesting topics.

Much depends upon the successful wintering of bees, Farm Agent Mowls says, that it is best to leave nothing undone that will help get the colonies through the winter in strong condition for another harvest.

CANDY HELPS TO PURIFY THE BLOOD

How seldom we think of the food we eat every day as a possible source of poison. Not quick-acting and deadly like snake-bite or arsenic, but slow, subtle and treacherous. Food which lies in the intestines too long ferments and decays, causing constipation and poisoning of the blood. This cause of poisoned and impure blood can readily be removed, if taken in time, by the pleasant and satisfying means of Partola mint candies. Try the "The Doctor in Candy Form." delicious, tasty peppermint candy tablets with laxative qualities added and without the slightest taste of medicine. They are a mild, pleasant tonic-laxative which clears the bowels and liver of all impurities; helps to purify the blood; sweetens and invigorates the stomach and tones up the entire system. Try Partola Tablets tonight by eating two before going to bed and see how much stronger, more energetic and livelier you will feel in the morning. At all drug stores. 25c, 50c and \$1.00 boxes. Trial size, 10c.

Favored Fashion for Fall In Suits-Coats and Furs

Are now on display and the woman who chooses now will have a double advantage. Stocks are now most complete, showing an unusually large assortment of styles, which have been coming in the past month.

Second—The garments purchased now will give you a longer wearing period.

SUITS—Show a prominence of soft finished materials, including silvertone, tinselone, velours, tricotone, gaberdine, oxford and Scotch tweeds. While call seems to be greater for shades of brown and taupe, the ever popular navy, black, plum and other pretty shades are shown in many stylish models.

COATS—For street, motoring and dress-up wear. Beautiful models, with handsome linings are shown in tinselone, silvertone, crystal cords, velours, mixtures. The new raglan sleeve, the new set in sleeve, loose back and belted front, belted or beltless coats, like large fur collars, all are points of interest in the new fall models.

FURS—Coats, coatees, stoles, large animal scarfs and the small neck pieces in all the desirable furs, including Hudson Seal, Lynx, Fox, Skunk, Mole, Nutria, etc.

SENATOR CUMMINS ELOQUENTLY GREET'S VICTORIOUS ARMY CHIEF

When Senator Cummins, president pro tem of the senate, extended the senate's greetings to General Pershing Thursday, what is practically the closing event of the military phase of the war was staged. In a brief address, eloquent in its impressiveness, Senator Cummins expressed the senate's pleasure for the general's safe return and for the laurels won for American arms. Senator Cummins said:

"General Pershing" he said "it is my high privilege to extend to you the sincere and cordial greeting of the senate of the United States. The message I have the honor to bear is not a greeting alone, but an earnest welcome and hearty congratulation upon your safe and victorious return to your native land. Nor is it a welcome only, for it is full of deep appreciation of the tremendous task you have so wonderfully and worthily accepted. You were called to assume the immeasurable responsibility of commanding the greatest body of soldiers who ever marched under the American flag, and you led this superb, invincible host of our brightest, best and bravest boys, to the very summit of military fame and national glory. Our tears are flowing and our hearts are breaking as we solemnly remember the tens of thousands who sailed away with spirit so resolute and courage so perfect and who will return nevermore until God calls us all on His judgment day to receive

with unbounded joy and undying gratitude those who have passed unharmed through the perils of the cruellest war in the history of the world.

"Your entrance into France, followed by an army which exceeded in numbers and surpassed in daring the most enthusiastic prophecies was the most impressive spectacle in all the annals of warfare, for America hastened to the aid of that stricken but defiant country in a way and to a degree never before witnessed and which has no parallel in the record of nations of this or any other age. A little more than a year later, with a purpose which never failed, the United States had accomplished its mission. And when the day of armistice dawned, it had won the admiration and held the confidence, esteem and affection of every country of the earth whose people loved justice, revered liberty and honored manhood. Upon that day, the name and fame of the American soldier and the nation of his allegiance had risen to the highest point ever attained in the cause of humanity. May the Ruler of the universe help us to maintain through all the stormy years to come the respect and faith which you and your gallant army so magnificently won for America and her beloved institutions."
